

## Winter Writing Sample

Have you ever been to Burlington Elementary before? Well then, you have seen how no school is like it right? If you haven't even heard of this school before, I guess I'll need to tell you just how amazing this school really is! In this essay I'll be explaining just how three of many reasons why this school can't be copied! One individuality is the curriculum and way it's taught here at Burlington. Also, Burlington provides child care services, Trailblazer Club! They also let you take a break and relax with Late Start days! Don't forget about how we have the option to join student council and help organizations of our choice. Best of all, we have the most zany spirit days ever!

The first few weeks we're in school something very special happens, student council starts back up! All 3<sup>rd</sup>, 4<sup>th</sup>, & 5<sup>th</sup> graders are eligible to join. It's a great program that allows young people to help their community. Everybody here at Burlington loves spirit days, student council votes on themes like hat day, wacky day, pajama day, & more! Last year we donated to the local humane society, canned food bank, & many others. This year one of the student council members in 4<sup>th</sup> grade came up with "operation: homeless"! Just another example of how unique Burlington is!

Our fine school also has a one-of-a-kind curriculum. The employees, we feel, really reach out to the students so that they can get the full benefit & understanding of the subject. Our school raised enough money to buy a mobile lab too! Now kids can dig even deeper into the world of learning. Also, they will now have a better understanding of modern technology & how to operate it in the real world. Burlington encourages early learning, that's why they provide preschool. We also have talented & gifted classes, along with special education classes, so that each kid has a custom learning plan. We 5<sup>th</sup> graders start something called "intervention". This is another way of showing how much the staff cares.

Another great benefit about going to Burlington is the Trailblazer Club! Highly trained professionals come together & "babysit". Although you're having so much fun with crafts, games, & lots of other activities that you hardly notice that you're being babysat! The rates are low, with folks that are kind & caring, now that's quality service! They even do mornings! Trailblazer staff even do events like pot lucks. But that's not all! Burlington works with Trailblazer Club to have late start days the first Wednesday of every month. During Late Start days we watch a movie, staff gives out prizes, & sometimes a special treat too! Everybody loves this club!

As you can read, you can see just how amazing and unique Burlington is, even if you've never seen it in person! In this essay I've gone over only three of Burlington's individualities. I've explained Burlington's unique curriculum, our student council & spirit days, and who could forget the Trailblazer Club along with Late Start? Nobody! That's because we can't be copied! Don't forget to visit!
